In first, I am grateful for your time and efforts that you had placed, especially for me and, in this email. I have read your email with great interest. Also, I am grateful to you for taking my assistance and support in order to SUPPORT your Climate Campaign etc.

In second, I CONFIRM through this message that I fully support your campaign and its agenda. It is already in my "to do list". If you need my assistance at any time, please feel free to contact me in future.

In third, I take this message as an opportunity and would like to briefly introduce my agenda, Campaign etc to you and your team members.

We respect all the laws. We have specialised team that includes two solicitors (one national and second international). All specialised team members are for our specialists advices. In short and in the given context, I am glad to share that the Public Awareness Courses and Campaigns on Climate, Woman Rights, Human Rights, Animal Rights, Planet Welfare etc are included in my preplanned list for the welfare of the public/society.

In fourth, I am clear headed and planned person. In future, I will execute my tasks according to the public needs and requirements. I am going to disclose my complete plans and complete execution strategies on the day of my selection.

In fifth, my mind is clear and, intentions / heart is clean. Maidenhead is OUR home. We all have to make OUR home beautiful. For this reason, I had met the public and listed all their concerns (from elderly people to youngsters).

In sixth, I am going to make sure to raise your and others voice for the good. In fact, for the Awareness Courses and Campaigns, we need sincere and dedicated people. For this, I possibly request people like you to be part of our team and/or lead one specific team or Campaign. (As per availability).

In seventh, I am a man of word. "What I say, I do".

For you, I have attached a brief document. If possible, kindly CIRCULATE and SHARE with your colleagues, friends, families, WhatsApp chat groups, Facebook etc.

In last, hope to see you in good times and in the best of your health.

Profound regards,  
Qazi Yasir Irshad
